Thanks Jim.

Any updates on what day works best for our next call or when we should expect ASAOC comments?

Thank you Stephanie.

I will coordinate with Matt and Karen, and one of us will get back to you. Regarding my comments

for the ASAOC, since we last talked I had a number of unexpected issues come up that required my immediate attention so I am behind on completing my comments on the ASAOC.

Jim

Subject: Arkema SOW - updated

Hi Matt, Karen and Jim,

Per our recent discussion, please see attached updated SOW for Arkema that incorporates the changes we discussed on 9/9 as well as updates per the latest model SOW for Portland Harbor. I highlighted the updates in yellow so hopefully they are easy to find. The changes would also apply to the SOW for Bayer.

If you have any questions in regards to the latest draft, please let me know. We understand you are finalizing your edits to the draft ASAOC and will send to us early this week. In the interim, we would like to get a follow-up call on everyone's calendars to continue discussing draft language.

The following dates/times (pacific) work for EPA –

Monday, Sept. 23 – 10-12

Tuesday, Sept. 24 – 12-1:30

Wednesday, Sept. 25 – 1-3

Please let us know if any of those dates/times work for you all and we can send out a conference

line.

Also, during our last call, we discussed the upcoming riverbank guidance. The guidance was recently posted online and can be found at:

Thanks,
Stephanie
